FICTIONAL TRAINING CONTENT - Estee Lauder Companies GSM Copilot training, October 2026. All people, suppliers, prices, and documents are invented.

Information Placement Guide

Owner: GSM Operations
Effective: 1 October 2026

- Use Teams for conversation, time-sensitive alerts, meeting follow-up, and coordination.
- Use OneDrive for personal analysis and drafts that are not yet team records.
- Use SharePoint for approved shared records, governed references, final decisions, and closure evidence.
- When personal analysis becomes an approved team decision, publish the final record to SharePoint and use Teams to alert the team.
