Project Luminous Decoration Sourcing Brief (APPROVED)

Title: Project Luminous Decoration Sourcing Brief
Owner: GSM Strategy
Approved: 15 October 2026

- Launch requirement: 1.2 million decorated units.
- Required ship window: 16-27 November 2026.
- Primary supplier: Aurelia Packaging Group.
- Approved alternate: Northstar Components.
- Decision criteria, in priority order:
  1. Product quality and technical release
  2. Responsible sourcing compliance
  3. Capacity confidence within the ship window
  4. Total delivered cost
- A dual-source allocation is permitted if both suppliers have current technical release and sourcing approval for the assigned scope.
- Any recommendation must identify its assumptions and the date each assumption will be verified.
